EXPERIENCE

Principal UX Designer (Associate Principal)

LTM | Bengaluru

Aug 2018 - Present

Led UX strategy across enterprise domains — warranty management, influencer management, and manufacturing command centers — translating dense operational workflows into interfaces frontline users could actually navigate without training.

Designed a responsive B2B learning platform spanning 170+ modules, improving content discoverability and lifting engagement across the catalogue.

Ran cross-functional design workshops to align product, engineering, and business stakeholders on user needs before scope was locked — reducing late-stage rework

Mentored and coached a team of designers; several progressed to senior IC roles during my tenure.

UI/UX Designer

Regalix | Bengaluru

Oct 2015 - Jul 2018

Contributed to a Google internal mobile-first project, with accessibility and inclusive design as primary constraints rather than afterthoughts.

Designed an internal task management system that gave team leads visibility into workflows they previously tracked in spreadsheets, improving throughput and reducing status-meeting overhead.

UI/UX Designer

Knowledgehut | Bengaluru

Jul 2014 - May 2015

Revamped the UX of the core e-learning platform, restructuring navigation and course discovery to lift engagement and retention.

Designed SEO-optimized microsites that drove targeted traffic and measurably improved course enrollment performance.

UI/UX Designer

Datamate infosolutions pvt ltd | Kochi

Nov 2013 - Jul 2014

Redesigned corporate websites with SEO and usability as joint priorities, improving organic traffic and lead generation.

Redesigned corporate websites with SEO and usability as joint priorities, improving organic traffic and lead generation.

Visual Designer

Seeknext IT Solution Pvt Ldt | Bengaluru

Jan 2012 - Jun 2013

Designed and launched multiple corporate websites, enhancing brand visibility and online engagement.

Managed digital design assets to maintain consistency across marketing and communication channels.
